Church of Christ
IN FOREST HILL

The background of the image is a soft, out-of-focus sunset or sunrise sky, transitioning from a pale pink at the top to a warm orange and yellow at the bottom. In the foreground, the dark silhouettes of two hands are raised in a gesture of prayer or praise, with fingers slightly spread. The hands are positioned on the left side of the frame, with the right hand higher than the left.

Kendall R. Patterson and the Patterson family wish to express their love for everything the Forest Hill family has done for them.

Gratitude

Words cannot express how grateful I am to have found this church home. I have made lifelong friends here and met so many mentors. And I have learned so much from so many.

I hope to carry these lessons with me as I start my journey at the Univ. of North Texas.

This congregation has a way of making its members feel like family – and I love this family so much. I love each and every one of you.

Thank you, Forest Hill, for being an important part of my journey.

*Sincerely, **Jordan Montgomery***

Gratitude

*Thanks to all of you,

Children's Eye Health and Safety

Did you know?

August is National
**CHILDREN'S
EYE HEALTH &
SAFETY MONTH**

***Brought to you by:
FHCOC Care Team
Ministry***

Healthy vision contributes to children's school readiness, ability to learn, overall healthy development, and ability to reach motor developmental milestones. One major component of eye health is the concentration of screen time use and its effect on vision.

- **BLINK 20-20-20**, is an acronym that's a useful tool to help prevent screens from damaging children's eyes and vision. These same tips are good practices for adults and anyone suffering from chronic dry eyes or eye strain.
- **B - BLINK:** Blinking helps moisturize the eyes. Set a 20-minute timer and, when it goes off, look at an object 20 feet away for 20 seconds while blinking and relaxing the shoulders and neck muscles. This will force the eyes to reset, refocus and relax.
- **L - LUBRICATE:** Lubricate your eyes throughout the day. Artificial tear ointment at night may be helpful as well. If you wear contact lenses, try wearing glasses to reduce dryness while using electronic devices. If your house is dry, consider using a humidifier.
- **I - INCHES AWAY:** Keep the computer or desk an arm's length away and at a slight downward angle from your child's face. Adjust the computer screen's settings, including contrast and brightness, so that it is comfortable for your children.
- **N - NEAR DEVICE BREAKS:** Encourage children to go outside or play with a pet, sibling, or non-electronic toys when taking breaks from online learning or computer use. Or look out the window for 20 seconds after completing a level in a video game. Pre-mark books with a paperclip every few chapters to remind your child to look up. On an e-book, use the "bookmark" function for the same effect.
- **K - KNOW YOUR SOURCES:** Rely on eye health information from trusted sources, including your child's pediatrician, pediatric ophthalmologist, or the American Association of Pediatric Ophthalmology and Strabismus.
