Church of Christ

IN FOREST HILL

The background of the image is a soft, out-of-focus sunset or sunrise sky, transitioning from a pale pink at the top to a warm orange and yellow at the bottom. In the foreground, the dark silhouettes of two hands are raised in a gesture of prayer or praise, with fingers slightly spread and palms facing upwards. The hands are positioned on the left side of the frame, with the right hand slightly higher than the left.

Did you know?

May is...

***Brought to you by:
FHCOC Care Team
Ministry***

During the month of May, the Office on Disease Prevention and Health Promotion celebrates National Physical Fitness and Sports Month to raise awareness about the benefits of physical activity.

Physical activity is anything that gets your body moving. Each week adults need 150 minutes of moderate-intensity physical activity and 2 days of muscle-strengthening activity, according to the current Physical Activity Guidelines for Americans. You might split that into 30 minutes, 5 days a week.

Getting Started with Physical Activity:

- Look for ways to reduce time sitting and increase time moving. For example, make it a tradition to walk before or after dinner.
- Set aside specific times to make physical activity part of your daily or weekly routine.
- Start with activities, locations, and times you enjoy. For example, you might like morning walks in your neighborhood; others might prefer an online class after work.
- Try activities with others in your household for motivation and mutual encouragement.
- Start slowly and work your way up to more time or more challenging activities.
- Use free apps and websites to find fun ways to be physically active or new places to put some variety in your activity routine.
