# Sports Eye Safety Awareness

More than 25,000 people seek treatment for sports-related eye injuries each year. The good news is that almost all of these injuries can be prevented. Whatever your game, whatever your age, you need to protect your eyes!

**Take the following steps to avoid sports eye injuries:**

- Wear proper safety goggles (lensed polycarbonate protectors) for racquet sports or basketball. In order to be assured that your eyes are protected, it is important that any eye guard or sports protective eyewear are labeled as ASTM F803 approved. This eyewear is performance tested to give you the highest levels of protection.
- Use batting helmets with polycarbonate face shields for youth baseball.
- Use helmets and face shields approved by the U.S. Amateur Hockey Association when playing hockey.
- Know that regular glasses don't provide enough protection

## **Recommended Sports Eye Protectors**

Prevent Blindness recommends that athletes wear eyeguards appropriate for their particular sport.

  - 8 a.m. Registration
  - 9 a.m. – 12 p.m. Program
  - 12 p.m. Lunch
- **Location:** 901 College Parkway, Lewisville, TX 75077
- **Theme:** Aprons and Lattes
- **Speaker:** Amanda Scott

As women in God's church, we have a unique and important role, a beautiful calling to teach younger women and grow in relationship with one another through our bond in Christ. This calling gives us great opportunities to influence others and show the world our love. However, life gets busy and we often fail to live up to and remember the importance of this calling.

Some of us come from a generation that values everything an apron represents, while others come from a fast-paced, individualized "latte" culture. We will look at the story of Mary and her older cousin, Elizabeth, to glean some wisdom from the relationship they shared. We will also talk about practical ways that we can grow and strengthen intergenerational relationships both individually and as a church family.
